

## **IBC Human Resources Committee**

***International Business Council, Bishkek, the Kyrgyz Republic***

The Human Resources Committee was established as a platform for exchange of experience, gaining new knowledge and skills for the staff of the IBC members and all interested in the human resources market of the country. The committee works in the following areas:

1. Interaction with educational sector
2. Influencing the process of changing labor legislation
3. Promoting the standardization and certification of human resources management specialists (HRM)
4. Creating platform for discussion of HRM issues

Committee organizes HR-breakfasts, consultations, holds seminars on various studies and issues on human resources management.

### **Past events**

- Strengthening Career Centers of Higher Educational Institutions of the Kyrgyz Republic. To revitalize, promote, and increase the demand for high-quality internships among university students. Further, through the establishment of such internships, to aid in strengthening the capacity of all stakeholders to promote the establishment of a legal regulatory framework that provides incentives for businesses to attract and support student internships within their organizations;
  - University career centers capacity was strengthened through trainings and capacity building activities, mini-exchange program established among career centers, company tours of 500 students organized, internship programs set up at IBC and JIA with 40 students undergoing and 50 receiving one on one mentoring.
